Collaborating Districts Initiative

In 2011, CASEL launched a large-scale action research project that sought to address the next-generation questions:

- Can large urban school districts put into place the policies and practices that would promote the social and emotional competencies of all students throughout the district?
- If so, how?
- What outcomes would we see for kids?

We want to hear from you:

Who's with us today?

Poll ended | 1 question | 149 of 189 (78%) participated

1. What setting do you work in? (Single Choice) *
